## Young Endoscopist Program (IYEA) 2023

On behalf of the organizing committee and Korean Society of Gastrointestinal and Endoscopy (KSGE), we would like to invite young enthusiastic endoscopists from around the world to apply for the International Young Endoscopist 2023 Program, which will be held between May 29 – June 10, 2023, in Korea.

The IYEA program is intended to promote technical advancement and collaboration among young endoscopists. This program has been held annually since 2014, with 306 young international endoscopists from 32 countries having participated and received help so far. As the years go by, interest from enthusiastic applicants has been growing, so we encourage all young endoscopists from all around the world to take this opportunity and participate in this program!

*Please note that the program format is subject to change due to unavoidable issues like COVID-19. In that event, we will inform you of the changed program and benefits for your continued participation.*
